Scarlet Puma

Brooklyn, NY
(862) 298-8866
scarlt.puma@gmail.com

Software engineer, game developer, problem solver, and creative mind with experience across in various fast-paced careers, including event management and STEM education. Passionate about being immersed in a part of the world of gaming, and helping support the escapism it can deliver.

SOFTWARE ENGINEERING EXPERIENCE

GENERAL ASSEMBLY — *Software Engineering Fellow*

JAN 2022 - APR 2022

500+ hour, 12-week, software engineering immersive program. Builds a strong foundation of technical knowledge necessary to full-stack software engineering, honing fluency in both client- and server-side development, spanning multiple frameworks and stacks.

Built frontend portfolio application fully from scratch, out of using javascript, jquery, html, and css. Built a full stack application using express, mongoose, and mongoDB. All projects were done within tight deadlines and with minimal support

GAME DEVELOPER – *Various independent projects*

2020-PRESENT

Recruiting team members. Managing schedules and meetings for 10+ people. Creating realistic timelines and making sure goals are met. Communicating between department heads. Writing dialogue and storylines with a team. Creating a balanced game with complex mechanics.

OTHER EXPERIENCE

EVENT COORDINATOR — *The Brooklyn Strategist, Anna Artuso's Pastry Shop, MakerState, and various one-time projects.*

2015 - 2021

Planning and organizing large scale events including open houses, parades, street fairs, and competitions. Communicating with members of the community and other companies, personally coordinating and managing events for a large number of children and/or adults.

SOCIAL MEDIA MANAGER, GRAPHIC DESIGNER, & COPYWRITER, — *The Brooklyn Strategist, Anna Artuso's Pastry Shop, Fine Fine Productions, and various one-time projects.*

2015 - 2021

Creating and maintaining social media accounts on various platforms simultaneously (Instagram, Facebook, Twitter, Youtube, TikTok). Writing copy for email campaigns, social media posts, newsletters, and websites as well as other forms of advertising, both online and in print. Working with influencers on promotional partnerships. Designing graphics for newsletters, social media posts and stories, and flyers.
